

Bonnyville Soccer Association  
Age Group Transition Guidelines

- ❖ Each level covers two birth years.
- ❖ Every child must initially register for the age group their birth year falls in.
- ❖ Transitions to a lower age group are not permitted.
  - Exceptions submitted at the Mini level age groups may be approved by the Bonnyville Soccer Executive.
- ❖ Transitions to the next age group up are considered when:
  - The request is for the age group directly above the one currently registered for; no player is permitted to move up more than one age group.
  - The age group in which the child is registered with will have sufficient registrants to maintain a team.
  - The age group in which the child is looking to join has room to add a player.
  - The child passes an assessment delivered by two qualified individuals assigned by the President.
- ❖ A child who transitions to a higher age group must follow all Lakeland trialist rules regarding league play and out of district tournaments.
- ❖ A Health and Safety Waiver must be completed for any child approved for a transition.
